

Incredible value West Coast Barbados apartments for sale

A new development in one of the most sought-after areas of Barbados is offering high-spec apartments with views of the sea for less than £100,000.

Tuesday, 02 March 2010

Holly Kirkwood

Weston is a new development of just 21 freehold apartments ranging from one to four bedrooms, designed in a contemporary style, each with its own sun terrace. The properties will be begun in October 2010 and will be built around a large, communal pool area in gated, landscaped gardens - most will have stunning Caribbean Sea views.

Prices range from US\$144,000 to \$480,000 and the development aims at providing exceptional value in this premium Barbados location. By maximising their use of space, the architects have made sure the product is quality even though the prices are a fraction of nearby Sugar Hill or Sandy Lane.
